

BULLS CONTROL MARKET EASILY

Party Exercised Its Power but Moderately, There Being No Sensations.

RAILROAD LIST LAGS A BIT

Advance in Wheat and Decline in Cotton Make Market Close Easy.

NEW YORK, August 31.—The bull party easily demonstrated its control of the market again to-day, but it showed a disposition to use its power with moderation. There was nothing sensational about the market, and dealings were on a restricted scale. There was a fair degree of realizing conducted at various times during the day. The day's developments were not important, but were generally on the side of keeping up confidence in the speculative outlook.

The international exchange situation is receiving increasing attention as a bulwark of the money position here, which is a mainstay of the speculative position. The continued redundancy of the local money market is all that prevents our strong control of the international exchanges from being operative.

The day's strength was shown mostly in industrial specialties, including the copper group and the New York public utilities. The railroad list was inclined to lag. In spite of the leadership of the Harriman Pacific. The late advance in wheat and forecasts of a severe decline in cotton conditions during August, without allowance for recent storm damage, contributed to the late reaction in stocks and to the easy closing. The day's net results were small.

Bonds were strong. The special strength of Japanese bonds was due to the adoption of the retrenchment measures by the Imperial Japanese government. Total sales, par value, \$4,260,000. United States bonds were unchanged on call. Total sales to-day, \$20,000 shares.
